

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

6. The safe water and milk supplies played an important part in maintaining a health standard.

7. Under sanitary engineering work, mosquito control operations are outstanding. The almost complete absence of the mosquito as a pest, as well as a carrier of malaria, helps to make this reservation a desirable dwelling place and a suitable place for United States Veterans' hospitals.

8. Garbage disposal at an annual profit of \$902 for a community of 1,382 population.

### FEDERAL ALLOTMENTS TO STATES FOR COOPERATIVE VENEREAL DISEASE WORK.

The following table gives the schedule of allotments to States of the sum of \$225,000 for cooperative work with the Division of Venereal Diseases, United States Public Health Service, appropriated by the act of February 17, 1922, entitled "An act making appropriations for the Treasury Department for the fiscal year ending June 30, 1923, and for other purposes." (Allotted on the basis of population, 1920 census.)
